INT. APARTMENT PARKING GARAGE - NIGHT

A WOMAN (26) wakes up in a small compact trunk of a car. Panicked and surprised she tries to pull the trunk latch. It won't open. She quickly feels around the trunk walls.

She starts to breath heavy. We see how small the space is. The woman starts to feel claustrophobic inside the trunk.

She begins kicking the trunk door frantically. But still nothing. Next to her feet we see a unopened condom wrapper.

We suddenly hear a man's foot steps from afar. As the footsteps get closer the woman's eye's widen.

We hear the SOUND of the car keys. The woman quickly reaches for her butt pocket. We see a large razor blade.

A MAN (30) approaches the trunk of the car. He unlocks the trunk. The trunk door automatically opens up. The woman jumps out of the trunk with pure anger. We see her eyes filled with rage.

In her hand the woman is holding the razor blade.

WOMAN

I knew you were cheating on me, you  
asshole!!!

The man is surprised and jumps.

MAN

She quickly slices his throat with the razor blade. His blood starts pouring out of his jugular and onto her white shirt and face.

He immediately falls to his side and continues to bleed out on the garage floor.

The woman's crazy look on her face is revealed as she slams the trunk closed.
